

# Garswood Primary School Sports Premium Strategy 2019-2020

Support for review and reflection - considering the 5 key indicators from DfE

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<p>1. Improved levels of participation in a wider range of extra-curricular sports activities across the school through increase of clubs offered by staff. (suggestions from school council – archery, running, multi sports)</p> <p><i>Children at Garswood Primary School have had access to a wide range of extra-curricular activities across the year. These have been sourced through the school through various educational and sports-based organisations. Clubs have been well attended and have focussed on designated year groups or phases to ensure opportunities for all. The sports club attendance matrix is held on file in school to track attendance trends and the PE coordinator ensures that gaps in attendance are covered.</i></p> <p>2. To ensure that delivery of PE sessions by ER and staff is of a consistently high standard and assessed accurately.</p> <p><i>Our 'in house' PE specialist continued her sports qualification and has shadowed the PE coordinator throughout the year in several PE lessons to build experience. Observations have taken place to track progress and quality of delivery. The Sports Premium funding has allowed the PE lead to be out of class and monitor the PE Specialist at various times to ensure high quality delivery is being demonstrated. The funding has also allowed the DHT to be released from class to support the members of the PE team in ensuring that high quality delivery and access is being maintained.</i></p> <p><i>Assessments of PE has followed the O Track model. Learning objectives have been closely checked by the PE lead to ensure that appropriate</i></p>	<p>Following consultation with the PE lead, Deputy Head teacher and the Sports Specialist for the year it has been highlighted that the following further improvements are to be focussed on. These will form the basis for the PE action plan and marry into the School Improvement Plan for 2019-2020.</p> <ul style="list-style-type: none"> <li>• Increased awareness and focus on individual performance from the pupils. It is planned that each pupil next year will have their own PE exercise book. This will be kept with them during PE lessons as a means of recording and checking their own individual performance and improvement tally. This will allow the pupils to be more fully aware of their own progress and demonstrate quantifiable evidence of their next steps required. Thus by the end of the year the pupils will be able to see a running record of their own performance and development.</li> <li>• Professional development of all staff who will be delivering PE sessions remains a priority. Inset sessions run by the PE lead in association with St. Helens RLFC will ensure the delivery of high quality PE across the school.</li> <li>• Even more of an emphasis on extra-curricular clubs for all ages. An aim of 100% of pupils to attend an extra-curricular sports club remains on the agenda with Nursery and Reception Pupils included within the aim.</li> <li>• Attendance of PE Network meetings will remain essential and integral in the development of PE and sport across the school. High levels of attendance at Network sporting events remains a</li> </ul>

<p><i>challenge is demonstrable; and that progress can be easily monitored.</i></p> <p>3. Enhanced success in inter school local authority competitions and tournaments.</p> <p><i>The network sports calendar has been used effectively and children have already taken part in events such as: Football, cricket, Kurling, Gymnastics, Cricket, Dodgeball and multi sports. Pupils have demonstrated success in a number of events and have enjoyed sharing their success in assemblies and on twitter. It is anticipated that these links will be maintained the following year to ensure that access to competitive sports events becomes more familiar with the pupils.</i></p>	<p>priority and hosting an event each year will be paramount in ensuring the profile of the school in the network is maintained.</p>
